Making up the blocks

Block 1

Block 2

Both blocks are made up in the same way.

The numbers on the blocks are for sewing and so you will sew from number 1 to 11 as in the diagrams.

Lay out the fabric pieces for block 1. Four of the blocks are made up in one way and then you need to flip the other four blocks as in the main diagram.

So, sew a number 2 strip to number 1 square, press. Keep working out until the last strip of number 11. You need eight blocks in total for both blocks.

Making up the center of the quilt

Lay out the blocks as in the main diagram and stitch in rows and then sew the rows together to complete the quilt center.

Border - Flying Geese block

Again, sewing by numbers.

Lay out the fabrics for the block. Stitching the long side of the small triangle to the short side of the large triangle. Do the same to the other side. Of each colour way you will end up with twelve blocks of each colour way.

Lay out the blocks as in the main diagram. Sixteen for the side and twenty for top and bottom. You need to place some in different ways,

Stitch the sides, press and then the top and bottom to complete the quilt.

Quilting and binding

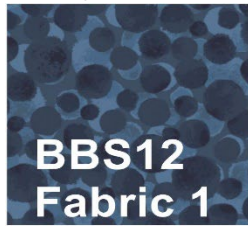

Sandwich the quilt top, wadding and backing together.

Quilt by hand or machine a pattern to match the quilt.

Maybe flowers. Trim the backing and wadding to size of quilt.

Binding

Use your favorite method from fabric 1 for binding the quilt.
